Superintendent's Highlights

An ongoing district goal that has taken three years to complete was realized during the 99-00 school year. Each student grades K-8 now has an individual computer at school and each family has a computer at home as well. This goal was made possible by a very supportive school board, grants funded by the Albertson Foundation and Idaho State Department of Education, donations of computers by area businesses and patrons and a dedicated and knowledgeable staff who updated the donated computers for use in homes. All district teachers as well as all instructional staff have computers and all have successfully completed the state required technology competencies test.

Certified teachers have completed the state reading requirements and all instructional aides are well along in the process of completing teacher aide certification soon to be required. All aides have completed over 100 hours of in district credit with emphasis is technology and reading.

Progress Towards Meeting District Goals

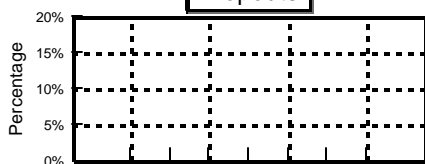

1999-00 Goals	Progress
Technology	<p>Continue technology activities to include internet consortium grant with St. Maries and Kootenai along with Journey on the St. Joe to emphasize the integration with all curriculum.</p> <p>By January 2001 our district will have the technology capabilities to communicate electronically with every home. Parents will be able to access students grades, assignments, homework, incomplete work, projects, student web pages and will have the opportunity to respond to each teacher with questions, concerns or recommendations.</p>
Reading Improvement	<p>District will continue our reading improvement priorities with training for all instructional aides with in-service in the areas completed by our certified staff to include:</p> <ul style="list-style-type: none"> • Reading Renaissance –Accelerated Reading • Waterford Reading Program • Star, Woodcock and Idaho Reading Indicator testing and evaluation
A Safe School Learning Environment	<p>Maintain a safe school learning environment that helps students develop pride in school, at home, in community and with self while learning to show respect for adults, all staff, parents and all classmates.</p>
Volunteerism	<p>Introduce the ideals of volunteerism through school activities utilizing technology in conjunction with community projects involving the library and museum. Students have shared with parents their knowledge and experience gained through school-sponsored technology.</p>
